We are pleased to have Steven J. Thorburn, PE, CTS-D, CTS-I of Thorburn Associates, Inc. Steve enjoys helping others understand the principles of acoustics and audiovisual technology. His dual degrees in electrical engineering and technical theatre give him a balanced left brain/right brain approach to project solutions.

International Communications Industry Association (ICIA) Educator of the Year, two ICIA Facility Design awards, author and teacher and experience on over 2,000 different projects round out his professional career.

Steve will be leading seminars on:
Introduction to Acoustics
Defining the Perfect Teaching Station
Digital Signage
